HiVanzo Group

Your Complete Industrial Partner

HiVanzo Group

One Group. Complete Industrial Solutions.

HiVanzo Group is Pakistan's trusted industrial partner — delivering end-to-end solutions across plastic processing machinery, packaging & filling systems, and polymer raw materials. Our integrated ecosystem empowers manufacturers to source, produce, and scale with confidence.

Raw Material Solutions

HiVanzo Polymers — Commodity, Engineering & Specialty Resins

Manufacturing Solutions

HiTech Machinery — Plastic Processing Equipment

HiFiLL — Packaging & Filling Solutions

Our three divisions operate as one seamless ecosystem designed to serve every stage of your industrial production cycle. From raw polymer supply to advanced machinery and precision filling lines, HiVanzo Group delivers reliability, quality, and partnership at every level.

One group. One vision. Complete industrial capability.

Three Companies. One Industrial Ecosystem.

Each division of HiVanzo Group is purpose-built to serve a critical stage of the industrial value chain — from raw polymer supply to processing machinery and complete packaging solutions. Together, they form a fully integrated industrial ecosystem.

Plastic Processing Machinery
IMM-IBM-ISBM-EBM-Exturion Lines etc

HiVanzo Polymers Raw Polymer Solutions
PP-PE=PS-ABS-PC-POM-PET-PVC-TPE

Packaging & Filling Lines Solutions.
Water,Milk,Bevrages,Chemical,Pharma etc.

HiTech Machinery powers your production line. HiVanzo Polymers supplies the materials. HiFiLL completes the packaging process. One group. Three strengths. Infinite industrial potential.

HiVanzo Group

About HiVanzo Polymers

Building on a Decade of Industry Trust

HiVanzo Polymers was established in **2025 as a natural expansion** of our journey in the plastics industry. **Our story began in 2014 with HiTech Machinery, where we dedicated ourselves to supplying advanced plastic processing machinery across Pakistan.**

Over the years, we successfully partnered with **more than 2,000 plastic manufacturers in Pakistan**, supporting businesses involved in rigid plastic production with reliable machinery, technical expertise, and after-sales support. Working closely with these manufacturers gave us a deep understanding of the industry's evolving needs.

We realized that while manufacturers had access to world-class machinery, they also required a **dependable source of high-quality polymer raw materials to maintain consistent production**. This insight led to the creation of HiVanzo Polymers.

Today, **HiVanzo Polymers imports premium polymer raw materials from leading manufacturers in China**. As market demand continues to grow, we are expanding our sourcing network by partnering with trusted producers across the GCC, ensuring a stable supply chain, competitive pricing, and consistent product quality for our customers.

As part of the HiVanzo Group, we also extend our **expertise through HiFiLL Packaging, providing complete filling and packaging line solutions** for the water, beverage, dairy, and chemical industries. Together, our companies offer an integrated ecosystem—from raw materials and manufacturing machinery to packaging and filling solutions—helping manufacturers build efficient, scalable, and future-ready production facilities.

At HiVanzo Polymers, our mission is simple: to be a reliable industrial partner that delivers quality materials, dependable supply, and long-term value to manufacturers across the region.

HiVanzo Polymers

Full Range of Polymers

From everyday commodity resins to high-performance engineering plastics and specialty materials, HiVanzo Polymers delivers a comprehensive portfolio to meet the diverse needs of Pakistan's industrial sector.

Commodity Polymers

- **PP** – Polypropylene: versatile, lightweight, chemical-resistant
- **PE** – Polyethylene: flexible, durable, widely used in packaging
- **PS** – Polystyrene: rigid, clear, ideal for consumer goods
- **ABS** – Acrylonitrile Butadiene Styrene: tough, impact-resistant

Engineering Plastics: PC (Polycarbonate), POM (Acetal), Nylon (PA) — high strength, thermal stability, and precision performance for demanding applications.

Specialty Materials: PET, PVC, PMMA, TPE / TPU / TPR — advanced formulations for medical, automotive, flexible, and optical-grade requirements across industries.

HiVanzo Group

Material Solutions

HiVanzo Polymers delivers a comprehensive range of polymer raw materials to **industries across Pakistan**. Our deep supply network and technical expertise ensure you always have the right material — **on time, every time**.

Four pillars of our polymer supply:

Commodity Polymers: PP, PE, PS, ABS — versatile resins for high-volume production needs.

Engineering Plastics: PC, POM, Nylon — high-performance materials for demanding applications.

Specialty Resins: PET, PVC, PMMA, TPE/TPU/TPR — tailored solutions for niche requirements.

Reliable Supply Network: Consistent sourcing, fast delivery, and nationwide distribution across Pakistan.

From commodity-grade resins to high-performance engineering plastics and specialty materials, our curated portfolio is designed to meet the precise demands of modern manufacturing. We partner with leading global producers to guarantee consistent quality and competitive pricing.

HiVanzo Group

Industries We Serve

From automotive components to medical devices, HiVanzo Group delivers tailored polymer and industrial solutions across Pakistan's most critical sectors powering growth, quality, and reliability.

-  **Automotive** — Precision plastics for parts & components
-  **Packaging & Films** — High-performance polymer films
-  **Electronics** — Engineering-grade insulation materials
-  **Consumer Goods** — Durable, cost-effective resin solutions
-  **Construction & Pipes** — Structural polymer compounds
-  **Medical & Healthcare** — Certified specialty-grade materials

Our polymer and machinery solutions serve diverse industries across Pakistan, ensuring consistent quality, reliable supply, and expert technical support for every sector we partner with.

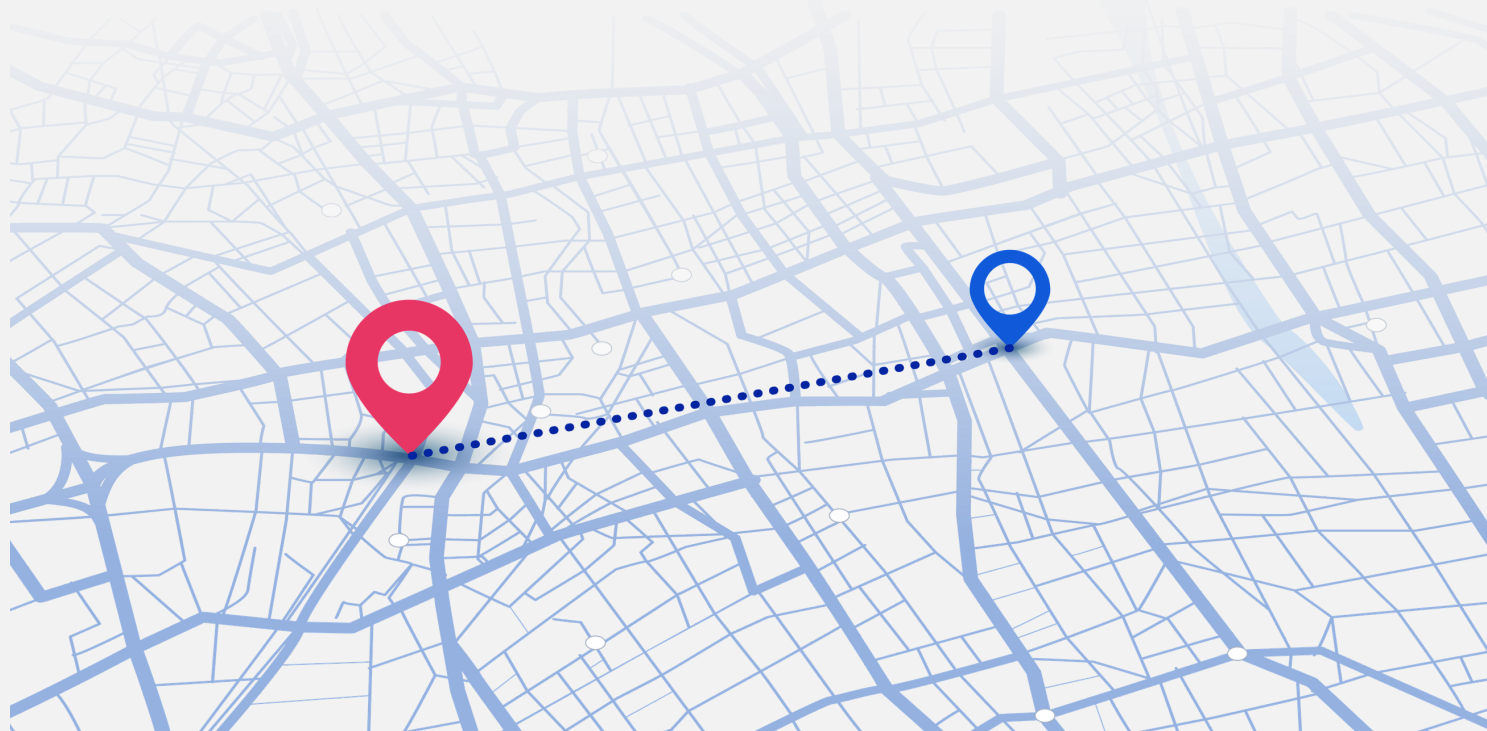

Why Choose Us

Quality Assurance	Supply & Logistics	Client Support
✓ Certified polymer grades meeting international standards	✓ Nationwide delivery network across Pakistan	✓ Dedicated account managers for every client
✓ Rigorous incoming & outgoing material inspection	✓ Reliable inventory with consistent stock availability	✓ Rapid response to inquiries and technical queries
✓ 89% quality assurance rate across all product lines	✓ On-time delivery with real-time order tracking	✓ Tailored solutions for diverse industry requirements
✓ Compliance with industry-specific material specifications	✓ Strategic warehousing in Lahore & Karachi	✓ After-sales technical support and consultation

HiVanzo Group

One Partner. Multiple Industrial Solutions.

Six Pillars of Industrial Excellence

- ◆ Plastic Processing Machinery — Advanced extrusion, injection & blow molding solutions.
- ◆ Packaging & Filling Solutions — End-to-end automated packaging lines.
- ◆ Polymer Raw Materials — Commodity, engineering & specialty resins.
- ◆ Technical Support — On-site commissioning, training & after-sales service.
- ◆ Reliable Supply Chain — Consistent, timely delivery across Pakistan.
- ◆ Customer-Centric Service — Dedicated account management & responsive support.

HiVanzo Group brings together three specialized companies under one roof — HiTech Machinery, HiFiLL Packaging & Filling, and HiVanzo Polymers — delivering a fully integrated industrial ecosystem that powers manufacturing businesses from raw material to finished product.

From Lahore to Karachi, our nationwide presence ensures fast response times, local expertise, and uninterrupted supply — making HiVanzo Group your single, trusted industrial partner for every stage of production.

Our Presence

Lahore — Sales Office

20-CCA DHA Phase 8 (Ex Park View), Cantt, Lahore

- Local Sales Team
- Technical Support
- Direct Client Engagement
- Fast Response Times

Karachi — Regional Support

Serving South Pakistan & Coastal Industries

- Regional Sales Coverage
- Reliable Supply Chain
- Customer-Focused Service
- Nationwide Polymer Distribution

HiVanzo Group

Thank You

We look forward to building a strong industrial partnership with you. Reach out to us for inquiries, technical support, or procurement needs — our team is ready to assist.
